# GLASS FARMS NEIGHBORHOOD MAP

## DIRECTIONS:

- 1) Color in your school, soon-to-be grocery store, Glass House Collective building and any other places you walk to often.
- 2) Color in your walking route. If you see your house on here color the path you use to walk to school? Or what's your walking path to the Rec Center after school?
- 3) Try to find your house or a friends house on this map. Color it in.
- 4) Enjoy coloring your community.

**BONUS:** If you could do Art Anywhere, what places would you choose? (name the places and color them if they are on the map)

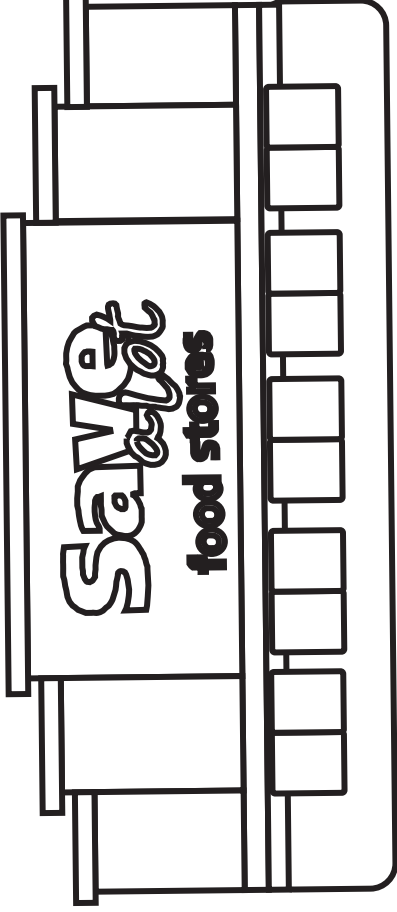

## CRUTCHFIELD STREET MAP

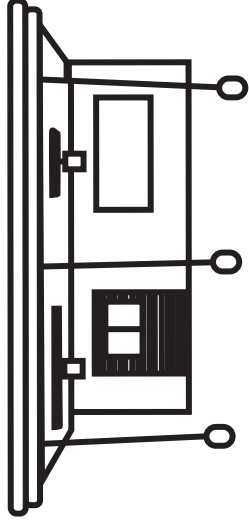

### DIRECTIONS:

- 1) Color in the Sav-a-Lot and then small business across the street.
- 2) In between these two places is a road called Crutchfield Street that will be home to street art.
- 3) What would you draw on this road that reminds you of community or being connected to your neighbors?
